Amesbury Ma, 01913

Troy & Sherri,

I just wanted to thank you for your generosity. This past Tuesday was the first Board meeting, since you gave Chris York the donation. The Board is very grateful.

You had expressed a desire to utilize the money for the younger group, the single A division. That works well with some of the capital improvements that we intend to complete at Town Park. Town Park is the primary location for that age group. More specifically, the donation allows us to install a safety cap on the top of the fence in the upper field. Other improvements that we intend to accomplish; rebuild the player benches at lower and upper fields, rebuild the spectator benches on upper field, and install permanent benches at the T-ball field. All these initiatives will require approval by the DPW, of which we have a good relationship with, and I am hopeful these can be completed within the next few weeks.

Again, thanks for both the generosity, as well as being part of the coaching staff. We hope you stay involved for many years to come.

Thanks,  
Brian Flanagan  
President Amesbury Little League
